+ PROFESSIONAL PROFILE

Motivated and adaptable professional transitioning into full-stack web development after building strong foundations in communication-driven roles such as residential care, customer engagement, and direct marketing. I bring a blend of **technical ability**, **people skills**, and **resilience** gained from supporting vulnerable young people, completing a multi-year coding bootcamp, and working in fast-paced operational environments. I am committed to producing high-quality work, learning quickly, and contributing positively to any team I join.

+ WORK EXPERIENCE

Capital Children's Care

2024 - Present

Residential Support Worker

- Worked collaboratively with a multidisciplinary team to create stable, supportive routines for each young person.
- Built trusting relationships through patience, empathy, and consistent professional boundaries.
- Manage challenging situations using de-escalation techniques, safeguarding procedures, and trauma-informed practice.
- Document incidents accurately and work with multi-agency teams to ensure each young person's safety and development.

IT Career Switch Bootcamp

2022 - Present

Full-Stack Web Development Trainee

- Completed multiple real-world projects, including a **full CRUD Company Directory system** (PHP, MySQL, Bootstrap, vanilla JavaScript) and a **global Gazetteer application** using **Leaflet maps, REST APIs, AJAX, JSON, and PHP data pipelines**.
- Built dynamic front-end features (modals, filters, interactive UIs) and secure back-end endpoints (prepared statements, validation, error handling).
- Developed strong skills in: **HTML, CSS, Bootstrap, JavaScript, AJAX, PHP, MySQL, REST APIs, JSON, Git/GitHub, debugging, responsive design, version control, and deployment**.
- Worked with industry-standard development workflows including vendor management, XAMPP, cPanel deployment, and environment configuration.
- Gained experience explaining technical concepts clearly during tutor reviews — demonstrating good communication and problem-solving skills.
